Hunter Fan 56" Brushed Nickel Ergonomic Ceiling Fan

This Brushed Nickel Ergonomic fan from Hunter is a solid contemporary fan, great to brighten any room. It comes with a remote to make using it a breeze. This model moves air quietly and so efficiently in fact it is backed by Hunter's limited lifetime warranty. Hunter Ceiling Fans have been energy efficient ways to move air in homes for over 100 years. In the summer we help cool. In the winter we help move heat down from around the ceiling to

Low-Fat Pringles

Potato chips are of course a classic snack and it's really easy to eat them while typing. The problem is, they can often be greasy and messy.

Low-fat Pringles, however, solve this problem by being both ergonomically stacked for sequential eating between tweets, and are also low on grease.
